

ITS Stakeholders

<i>ITS Stakeholders</i>	<i>Description</i>
Archived Data Users	This represents the systems that are used to access archived transportation, maintenance, construction, or transit data for research, planning, and other off-line uses.
CENTRO	Central New York Regional Transportation Authority (CNYRTA) regional transit agency. Covers Utica, Rome, Oneida, Oswego.
CHEMTREC	CHEMTREC® was established in 1971 by the chemical industry as a public service hotline for emergency responders, such as fire fighters and law enforcement, to obtain information and assistance for emergency incidents involving chemicals and hazardous materials. Registration with CHEMTREC helps assist shippers of hazardous materials to comply with the US Department of Transportation hazardous materials regulation 49 CFR § 172.604, which requires hazmat shippers to provide a 24-hour emergency telephone number on shipping documents for use in the event of an emergency involving hazardous materials.
CLARUS	The Clarus initiative is a federal project and system that provides qualified weather observation data from local and regional road and rail weather observations to serve a greater community of transportation system operators.
Financial Institutions	Financial and banking institutions that play a role in the transfer of funds for fare collection as well as for other fee based transportation services.
Government Agencies	Represents national, state, and local government reporting agencies.
HOCTS	Herkimer-Oneida Counties Transportation Study (HOCTS) is the Metropolitan Planning Organization (MPO) for the region.
I-95 Corridor Coalition	The I-95 Corridor Coalition is an alliance of transportation agencies, toll authorities, and related organizations, including public safety, from the State of Maine to the State of Florida, with affiliate members in Canada. The Coalition provides a forum for key decision and policy makers to address transportation management and operations issues of common interest. This volunteer, consensus-driven organization enables its myriad state, local and regional member agencies to work together to improve transportation system performance far more than they could working individually.
Local DPW	Represents the local public works departments responsible for the maintenance of roadways and ITS field equipment.
Local Public Safety Agencies	Represents the local (county and municipal) public safety providers. This includes local law enforcement providers, fire services and emergency responders.
Local Traffic Management	Represents the local public agencies responsible for traffic management.
Local Transit Operators	Represents local transit agencies that operate in the region that are not specifically called out by the architecture. Includes Birnie Bus (4 county line run, rural transit, motor coach, school bus, para transit), who scheduled routes coordinate with CENTRO; Gloversville Transit System; and the City of Amsterdam Bus.
NOAA - National Oceanic and Atmospheric Administration	National Oceanic and Atmospheric Administration. Includes the National Weather Service and the National Hurricane Center.
NYS Department of Motor Vehicles	New York State Department of Motor Vehicles is the agency responsible for motor vehicle licensing and registration.
NYS Emergency Management Office (SEMO)	The New York State Emergency Management Office (SEMO) coordinates emergency management services with other federal and State agencies to support county and local governments. SEMO routinely assists local government, volunteer organizations, and private industry through a variety of emergency management programs. These programs involve hazard identification, loss prevention, planning, training, operational response to emergencies, technical support, and disaster recovery assistance. During disasters, SEMO coordinates the emergency response of all State agencies to ensure that the most appropriate resources are dispatched to impacted areas.
NYS Police	The New York State Police is the law enforcement provider for the State of New York. Troop T, Troops B, D & G in the region.
NYS CC - New York State Canal Corporation	The New York State Canal Corporation is a subsidiary of the New York State Thruway Authority. It is responsible for operating and maintaining the New York State Canal System, which is a navigable 524-mile inland waterway that crosses upstate New York.

<i>ITS Stakeholders</i>	<i>Description</i>
NYSDEC - New York State Department of Environmental Conservation	The New York State Department of Environmental Conservation pursues scientific assessment and vigorous action to protect and enhance New York's environment and natural resources.
NYSDOT - New York State Department of Transportation	New York State Department of Transportation. Responsible for the transportation system within the State of New York, including the highways, railways, transit, aviation and port facilities.
NYSTA - New York Thruway Authority	Authority responsible for the operation and maintenance of the Governor Thomas E. Dewey Thruway, the 641-mile superhighway crossing New York State, which is the longest toll superhighway system in the United States. Also responsible for parking, particularly for commercial vehicles, along the Thruway.
Private Automated Vehicle Location System Providers	Private collectors and providers of vehicle location information.
Private Commercial Vehicle Freight and Fleet Operators	Private owners of commercial vehicles that carry goods throughout the region.
Private Mayday/Concierge Service Providers	National services (e.g., GM On-Star) that provide Mayday and traveler information services for their customers.
Private News Media	Television, Radio, and Print Media. Includes TV network affiliates
Private Rail Operations	Private companies that operate freight rail within the State of New York.
Private Road Weather Information System Providers	Private providers of roadway weather and weather information.
Private Traveler Information Providers	Local, regional and national information service providers that provide travel information to the traveling public (both subscription service and general broadcast information). Includes internet sites, service bureaus, etc.
Private Travelers	Traveling public accessing various modes of transportation, including surface street, air, rail/transit, and non-motorized.
Private Weather Service Providers	Private vendor systems that collect and disseminate road weather information from mobile and fixed data sources and weather information services.
Regional Airport Authorities	Represents regional airport facilities and operators in the region.
Regional Event Promoters	This general system represents the centers, music centers, sporting events and other venues that regularly host events that impact traffic. Specific examples in the region include: county fairs, The Boiler Maker (road race), special olympics, heart run walk, paddle fest, Cooperstown, Turning Stone (casino), etc...
Regional Hospital Organizations	Represents hospitals and trauma centers in the region. RESOURCE handles the emergency care and ambulances in the region.
Regional Multimodal Transportation Service Provider	Represents Amtrak, and inter-city bus terminals.
Regional School District	Each district has a bus dispatch. Coordinates resources for transportation of students.
TRANSCOM	Consortium of transportation and emergency management agencies in the tri-state region (New York, New Jersey and Connecticut).
